

# Badingham

Parish Code: E04009368

## Area Summary

Badingham is a village and parish in Suffolk Coastal that can be found just north of Framlingham. The A1120 cuts through the village as it passes west through the county, off the A12 from Yoxford.

The village itself has a good number of community assets that serve the local residents. Along Low Street you will find the village hall, local pub and parish church which host the majority of the area's groups and events.

Badingham has a good level of community engagement and activity. This can be seen through the existence of a parish newsletter, a newly opened community café and recently secured funding to improve the play park.

The wider parish holds several B&Bs, small businesses, and farms that provide some of the local employment.
