

Brampton with Stoven

Parish Code: E04009489

Area Summary

Brampton with Stoven sits in the middle of Waveney district, north east of Halesworth and south of Beccles. The Parish is dominated by the larger settlement of Brampton which holds the majority of the area's assets, whereas Stoven only retains a parish church.

Brampton's transport links act as an effective counter weight to its rural location, with a named train station and the A145 passing directly through.

The parish benefits from a good number of community facilities with a primary school, village hall, playing fields and church. There is a conspicuous lack of economic resources (village shop, small businesses) which may be due to its rural location.
