

Thrandeston

Parish Code: E04009264

Area Summary

Thrandeston is a small village in Mid Suffolk that sits between the A140 & A146, south of Diss.

The village centres around an open village green and duck pond that creates a sense of rurality that belies its proximity to two major 'A' Roads and the larger settlement of Diss

The parish retains its parish church which sits just to the east of the main village.

The parish also has 'Great Green' which sits to the north-east of the modern village centre where you will find several farms and some housing.

The Ipswich-Norwich train line runs through west of the parish and has been subject to extensive reinforcement due to its proximity to Thrandeston marsh to the west.
